Acme Travel & Expense Policy

1. Scope

This policy applies to all full-time employees and contractors travelling on company business. Interns follow the same rules but require manager pre-approval for every trip.

2. Booking

Domestic trips must be booked at least 7 days in advance and international trips at least 14 days in advance through the travel desk. Economy class is mandatory for flights shorter than 6 hours; premium economy is allowed for longer flights.

3. Daily allowance (per diem)

Domestic travel within India: 4,000 INR per day. Travel to the United States or Canada: 75 USD per day. Travel to the European Union or the United Kingdom: 65 EUR per day. Travel to Singapore: 90 SGD per day. The per diem covers meals and local transport; hotels are paid separately.

4. Approvals

Trips costing up to 1,500 USD require line-manager approval. Trips above 1,500 USD additionally require approval from the department head. Any single expense above 500 USD needs a receipt and finance-lead sign-off.

5. Claims

Expense claims must be submitted within 30 days of returning. Claims are reimbursed in INR at the exchange rate on the date of submission. Late claims are rejected unless the department head grants an exception.

6. Weather and safety

Employees must check the local weather forecast before travelling and may postpone non-critical trips if severe weather (thunderstorms, heavy rain or snow) is forecast at the destination.
